BUILDING PRIDE

The two power-packed words, *Building* and *Pride* are being used together to carry the theme of the 1985 yearbook. *Building* suggests the continual growth of each student's individuality, the school, and the community. *Pride* is the tool used to tell everyone else that Vancleave is excited about the forward movement.

The Bricks, a visual sign of the recent changes that have been made in our schools, are also a symbol of each stepping stone, each obstacle, each disappointment, each success, etc., that time stacks up for each of us. The *Mortar* between the bricks is symbolic of the memories that bond the buildings, the students, and the community; and that mortar, oozing with pride, holds together each building block upon which touches *Time 'N Tide*.

The 1984-1985 Time 'n Tide yearbook represents different things to different people.
To the annual staff and sponsor it represents a labor of love — the many hours spent selling ads, taking pictures and deciding on the right content.
To you students at Vancleave School it represents a year of your lives in pictures that will grow in importance as the years take their toll on your memory.
To the staff, teachers, and administration it gives us pride in being part of your lives, being able to watch you grow from teenagers into young adulthood.
To the Vancleave Community it reminds those that look through these pages of a time when they were in high school — a time most of us look back on as the happiest time of our lives.
Congratulations on a job well done.

The National Honor Society participated in the Great American Smokeout in Nov. 1984. They inflated what seemed like millions of balloons. Attached to the balloons were notes that advertised and encouraged people to quit smoking. They also asked that the recipients of the notes respond back to the high school. They released the balloons at lunch that day and as of February, they were still waiting for a response.

Thirty years ago, the 1954-1955 football team became a part of Vancleave's pride. At Homecoming this year the first football team and cheerleaders were recognized during the half-time ceremonies. A cake was served at a reception to honor them. The first coach was Jack Pennell, and the superintendent at that time was Ty Pearce.

Pride in Mississippi

The 1984 World's Fair in New Orleans (May 12-Nov. 11) has added a new dimension to the *pride* that Mississippians have for their state. The beaches, forests, ante-bellum homes, and historical sites were advertised to lure people to Mississippi.

The Ms. Pavillion took pride in being one of the finest shows and displays at the Fair. The VHS French Club, cheerleaders, and band all toured the World's Fair site.

Pride in Vancleave

Warren Davis has been chosen as Vancleave High School's **Star Student.** Choosing a Star Student is based on the highest ACT score. This year, Warren made it with a 26. Warren is the son of Mr. & Mrs. Clifton D. Davis of Vancleave. He is a member of the National Honor Soceity, Future Farmers of America, and Vancleave's Scholars' Bowl Team. In academics, he has received honors in chemistry and Mississippi History. Warren has chosen **Mr. Kenneth Brown** as his **Star Teacher.** Warren's plans for college include Jackson County Junior College, and the University of South Alabama.

Memory
Of
Anthony Joseph Mallette
(1963-1984)

"Joey" was a member of the 1980-1981 Vancleave High School Football Team that was the 10-0 P.R.C. Champs. The team went undefeated just as Joey lived his life.

Your gentle face and patient smile with sadness we recall. You had a kindly word for each, and died beloved by all. The voice is mute and stilled the heart, that loved us well and true, bitter was the trial to part from one so good as you. You are not forgotten, loved one, nor will you ever be, as long as life and memory last we will remember thee. We miss you now, our hearts are sore, as time goes by we miss you more, your loving smile, your gentle face, no one canfill your vacant place.

Courtney Brock and Chad Wages traveled to Washington D.C., in February to participate in the Presidential Classroom for Young Americans. While there, they saw many great sights and places, met with senators and representatives from MS, and participated in government workshops and seminars with students from all over the U.S.

Building an annual is a constructive project. It takes dedication and lots of energy as in constructing a building. Building an annual follows the same steps as building a structure.

First the foundation, which is the theme, must be laid. This year we chose Building Our Pride as the theme. With new businesses, offices, a new post office, and most importantly a new school, Vancleave is definitely building its pride.

Second, the frame (or Skeleton) must be built. This stage is represented by the cover and the layouts. A brick design on the cover was chosen in keeping with the theme of building. The layouts are like the blueprints to a building. They show the plan of the page and how it will look when finished.

Now the brick walls are ready to be added. The bricks are placed in the wall with the mortar bonding them together. Once the bricks are embedded in the mortar they become hard to destroy. The pictures in an annual are represented by the bricks in the wall and the mortar is the page itself. The page bonds the memories in the pictures together, making them hard to destroy.

Finally, the finishing touches are added to the building. In an annual the finishing touches also help to make the page more attractive. This includes designs, backgrounds, drawings, and different styles of type.

It takes many workers to construct a building, as well as an annual. I'd like to express my appreciation to each staff member and to my sponsor who contributed greatly in the construction of the annual, and the faculty for their support. A special thanks to my parents for their help and understanding throughout the year.

Congratulations to the class of 1985!!

With pride,

Time 'N Tide Editor, 1985

To Clifford,
I have enjoyed being your friend & having you as a friend. It has been fun in school, but I am sure that it is almost over. I am sure that you will be a great success in life & I can't wait until your "stuff" as in your ability. Good luck & God bless you.
Your friend,
William Fairly.
